

## Aboriginal Perspectives & Understandings - Digital Resources

The following resources are designed to help develop a deeper understanding of Aboriginal Perspectives into classroom curriculum.

In this video, Laura Tait, discusses the “Why” of First Peoples Principles of Learning in education.  
<https://www.youtube.com/watch?v=JY168904pcE>

In this video, Vicky Tauli-Corpuz posits that indigenous relationships with environments are sustainable and important to the well being of global ecosystems.
