

Networks of Inquiry and Indigenous Education

A guide to applying for and supporting your inquiry

Networks of Inquiry and Indigenous Education (NOIE)

NOIE is network of inquiry-based schools across British Columbia.

Using an inquiry-oriented, evidence based approach to learning and teaching through the Spiral of Inquiry, teams work towards improving outcomes for all learners in their settings and submit case studies to share their progress.

Each school that submits a proposal using the Spiral of Inquiry framework by **December 16th, 2022**, will be given a \$500 grant by NOIE.

Please note: NOIE will provide one grant per school.

Spiral of Inquiry

“Inquiry is about being open to new learning and taking informed action.

The Spiral of Inquiry is not an initiative – it is a way of professional being” - NOIE
